## HE WAS VERY WARM.

Alderman McDonald Made No Effort to Conceal His Emotion Last Night.

## HE ABRUPTLY LEAVES HIS CHAIR

An Unusual Scene at the Meeting of the City Council—Petition Tabled.

Alderman McDonald left the city council meeting last night in the midst of the session without asking permission from Acting Mayor Ward. The alderman was laboring under a heavy strain of mental excitement when he dodged out the door. This he made no effort to conceal. He had been disappointed in his demands that Third street be opened to traffic by the expenditure of \$300 for filling, and disgusted beyond endurance he leaped to his feet, hurried across the room where his hat was hanging and with one bound shook himself free of the municipal environments. He did not return before the meeting adjourned.

"How shall I record Alderman McDonald's departure?" inquired the clerk of Col. Ward, mayor pro tem.

"Say he was excused," and the muscles of the colonel's face humorously twitched.

For many moons Alderman McDonald has not neglected to impress at each council meeting the importance of filling in Third street between Territorial and Main. The alderman has some property in that locality which he is unable to utilize so long as Third street remains in its present condition which Alderman Rowe likened unto a frog pond. McDonald has been persistent in asking the council to make the desired improvement. Resolution after resolution, all ordering an expenditure on Third street or East Main have been introduced by the alderman but his motion upon their adoption never received a second. One resolution by the alderman provided that a filling of 40 or 50 feet be made on East Main street so that he could reach his lots on Third. The measure was defeated.

Not conquered by its defeat the alderman produced another resolution, asking that Third street be filled in between Main and Territorial. "I move its adoption," said the councilman. There was a pause and no support was heard and the acting mayor proceeded with other business. McDonald arose to speak. He was declared out of order. He sat down, tore his pet resolution to pieces and then rushed from the room.

A petition from the Bell Telephone company for permission to construct poles and wires on Ogden, Britain and Empire avenues and Clay and Monroe streets, was read by the clerk and Alderman McDonald shut out all discussion of the measure by moving that the petition be laid on the table. There was a prompt support to the motion and when the roll was called the only dissenting vote came from Alderman Rowe.

The \$6,500 claim presented against the city by Lydia Kitron for injuries she is alleged to have received from a defective sidewalk was rejected. The claim has been hanging fire for some time and there was a disposition among the aldermen to dispose of it.

Mayor Protem Ward occupied the mayor's chair in the absence of Mayor Bell who was detained at home by illness.

A petition from Morton Hose company for a bell in the hose house to alarm the residents of that locality in case of fire was referred to the fire and water committee. The company suggests in the petition that as prosperity is said to be returning to Benton Harbor the city council ought to feel able to make the small expenditure a bell would cost without hesitancy.

A claim of \$23.58 from Morton Hose company for services at Sunday night's fire was allowed. For the same performance J. Bell Hose company was allowed \$21.22. The former company had 9 men at the fire who worked five and one-half hours and of the latter company seven men were in attendance.

A resolution that the clerk draw an order for \$35 on the treasurer to pay costs of the city in the Tatman damage suit now pending in the supreme court was passed.

The council rejected a contract obligating the city to pay Mrs. Nancy M. Bishop \$200 for land required to extend Bellview street from Michigan street to Colfax avenue, \$100 to be paid upon the execution of the contract and \$100 when Mrs. Bishop can give a perfect title to the property. Alderman Rowe opposed contracting for the property before the alleged owner can give a clear title, and the remaining aldermen concurred.

The city clerk was instructed to renew for 90 days a \$1,000 note given the Farmers & Merchants' bank May 19, 1897, and draw an order for \$20.57 in the bank's favor for interest on the note to date.

S. F. Heath was granted the privilege of changing the grade of the bicycle path on Colfax avenue to conform with the sidewalk along his property which he will rebuild of cement. The work was placed under the supervision of the street committee.

The street committee reported that

the "stone pile" had become exhausted and that the city would have to purchase more stone if employment to tramps must be given. The committee was ordered to make the purchase.

Upon resolution of Alderman Volheim the St. Joseph fire department was allowed \$25 for its service at Sunday night's conflagration.

## TO THE CIRCUIT COURT

There the Hickory Creek Drain Matter Has Gone.

Under writs of certiorari filed in the circuit court this morning by Lawyer Bacon, of Niles, County Drain Commissioner Burbank is required to appear in the circuit court on the morning of September 9 and make answer to the allegation of conducting illegal proceedings in connection with the establishment of the Hickory creek drain and the Hickory creek drain extension.

It is remembered that a jury in the probate court recently decided that the Hickory Creek drain was a necessity and that the proceedings so far taken were regular. The proceedings instituted in the circuit court constitute an appeal from the probate court.

## A SMOOTH YOUTH.

Tells a Hard Luck Story and Secures a Job.

D. N. White, a traveling salesman who has been in this city for two weeks past selling a patent window brush is a victim of misplaced confidence and as a consequence declares that he will never trust another man.

Mr. White boards at the Phoenix hotel, and last Monday a young fellow giving the name of William Patten came to the hotel and made the acquaintance of White. He told a story of hard luck that would bring tears to a stone and as a result secured a job selling brushes. Patten worked faithfully but did not turn in any orders, making an excuse that he had not learned the business.

Yesterday Mr. White was out of the city and Patten came to the hotel, broke open the trunk in which White kept his supply of brushes and taking about two dozen went out, and it is believed delivered them to people who had given him orders but which he had not turned in. He finished his delivery in time to go to the hotel, get his valise and take the 4 o'clock boat for Chicago.

Upon Mr. White's return to the hotel he discovered the theft of the brushes and upon learning the facts at once notified the sheriff who took the night boat for Chicago, in the meantime wiring the Chicago police a description of Patten and telling them to hold him until he arrived.

Patten is a young man who has been hanging around for some time past, he having come here with a party of 8 young fellows who have been taking orders to enlarge pictures.

**LOOKS FOR \$30,000,000 IN GOLD**

To Come Out of the Arctic El Dorado Next Year—Advises People to Wait Until Next Spring to Go and Says That Miners, Like Other Men, Are Given to Lying Sometimes—A New Kick in Action Against Canada.

Chicago, Aug. 19.—Mr. C. M. Nettleton has just arrived in this city from Seattle, Wash., and is at present stopping with relatives in Hinsdale. Nettleton is city editor of the Seattle Post-Intelligencer. He was interviewed in the offices of the Klondyke-Alaska Gold Mining, Trading and Transportation company, in the Western Union building, and while his statements in reference to the Klondyke region are somewhat surprising, he evidently believes them to be true. Nettleton says that Seattle is booming and the conditions remind the old settlers of the palmy days of California in 1849. He exhibited a number of specimens of Klondyke gold as it is taken from the beds of the Alaskan and Northwest Territory rivers.

Miners Are Not at All Unique. "I believe," said Nettleton, "that without question \$30,000,000 of the yellow metal will be taken from Alaska next year. One peculiar feature of the gold seeking is that the miners upon landing in this country seldom are willing to tell the truth in reference to their success. Nearly every one of them expects to return, and for this reason they are reticent and do not give the facts to the public as to the amount of gold they have in their possession." One miner when asked by Nettleton how much gold he had secured replied that he had about \$3,000 or \$4,000, when the truth was he had \$12,000 worth of the shiny metal about him.

Lots of Unexplored Territory. "Nettleton said that only about forty square miles of territory in Alaska has been thoroughly prospected, whereas there are hundreds of square miles of territory which, it is believed, contains gold in large quantities. The surroundings are the same as those of the ground which has been gone over and the conditions are the same. But Nettleton said people should not attempt to go to the fields this season, but should postpone their trip until next spring, when conditions will be more favorable to travel and prospecting."

**THAT DUTY AT THE BORDER.**

Discovery Alleged That Shows That the Canadian Is No Chicken.

Skagway, Alaska, near Dyea, Aug. 4, via Seattle, Aug. 19.—Twelve Canadian customs officers have arrived here and will establish a custom house at the portage between Lake Bennett and Tagish lake, a point by which all Yukon or Klondyke travelers must pass if they start from Dyea and Skagway. The rates of duty will average about \$30 on the average outfit of a Yukoner. The officers are well armed and will have the assistance of the mounted police to enforce the duties. Farther down the river will be stationed guards to intercept any one who might attempt to elude the vigilance of the officers. American miners who have investigated this assert that the treaty between Russia and Great Britain provides that the Yukon, Porcupine and Skeena rivers should be free for commerce and exempted from the imposition of customs duty.

The Canadians evade the point at issue by claiming that prospectors crossing the mountain ranges to the lakes or head waters of the Yukon do not go into the territory by way of any of the rivers mentioned, but that they cross American territory and before they can reach Yukon the duty is exacted. Miners and prospectors are very much exercised over the situation and this may lead to complications. Canadian officers declare they will enforce the law impartially and will not discriminate against Americans.

It is idle to argue that there is no serious feeling between the Canadians and Americans. Unless both governments are very careful a system of retaliation will be in vogue before either are aware of the fact, much ill feeling will follow, and the miners will be the greatest sufferers.

Cleared Up \$130,000 in Eight Weeks. Seattle, Wash., Aug. 19.—The steamer Alki arrived yesterday morning from Dyea, Alaska. In the afternoon Willie Thorp was handed a letter by a man who came down on the Alki from Dyea. It was written by Edward Thorp, and came overland, saying that he had cleaned up \$130,000 on the Klondyke in eight weeks, and was coming home on the steamer Portland, which is due in Seattle on Aug. 28. Thorp left Seattle one year ago, having gone north with a drove of cattle.

Here Are These Maps You Want. Washington, Aug. 19.—Superintendent Duffield, of the coast survey, has received the proof of the new government map of the Klondyke region. It is on an enlarged scale, with the gold region as the main objective point, and this entire locality is given without reference to the remoter parts of Alaska. The map is called a route map, as it shows the route of travel from Sitka northward to the Klondyke country.

Mine Damaged by Fire. Iron Mountain, Mich., Aug. 19.—The Clifford shaft house at the Trader's mine took fire yesterday morning. The entire shaft house, including all the timber and tracks to the first level, were consumed. The shaft engine is also a total loss. The big crusher, however, was saved through the efforts of the miners, who fought the flames with the aid of the mine pumps and hose.

Pineville Bank Robber Captured. Noel, Mo., Aug. 19.—Word reached here at an early hour this morning that the leader of the Pineville bank robbers was captured in the woods thirty miles southeast of here at 8 o'clock last night. The robber, who is badly wounded, is said to be a member of the K. K. K.

**Man Who Knew the First in the Convention of Iowa Republicans.**

**GATHERING IS A BUSINESS ONE.**

Impatient of Speeches and Only Desirous of Completing Its Work and Going Home, Which It Does—Break All Along the Line on the Fourth Ballot Puts the Crawford County Man at the Head of the Ticket—Iowa Populists.

Cedar Rapids, Ia., Aug. 19.—The great struggle which has raged ever since last Saturday when the first candidates arrived on the field and established quarters was practically ended at 4:30 yesterday afternoon when the 1,450 delegates which composed the Republican state convention selected for the leader of the coming campaign Hon. L. M. Shaw, of Crawford county. The other contests, while spirited, were soon over, and the report of the committee on resolutions was adopted without a dissenting vote. Shortly after 6 p. m. the convention adjourned sine die. The convention was called to order promptly at 11 a. m. by Hon. John McMillan, chairman of the state central committee, who after reading the call which brought the convention together introduced Rev. John Barkay, of Cedar Rapids, who invoked the divine blessing. Charles M. Hart, of Council Bluffs, was temporary chairman and made an address, at the close of which the convention adjourned until 2 p. m.

Convention Not Burning Daylight. Upon reconvening the convention proceeded to business without delay. The report of the committee on permanent organization, naming Major Samuel Mahon, of Wapello county, permanent chairman, and W. S. Knowlty, of Mahaska county, secretary, was adopted. The committee also announced that all nominations would be made by call of districts and that no nominating speeches would be permitted. Major Mahon thanked the convention for the honor and attempted to make a speech. After talking about four minutes the convention compelled him to desist, all being anxious for the fray to commence. The convention at once proceeded to the nomination of governor. Seven candidates were placed in the field—James Harlan, of Henry county; Matt Parrott, of Black Hawk; W. E. Fuller, of Fayette; Thomas B. Harsh, of Union; A. T. Flickinger, of Pottawattamie; L. M. Shaw, of Crawford; A. B. Kunk, of Dickinson. Byers withdrew from the contest Tuesday night, and John Cowrie, of Iowa county, yesterday morning.

**WENT TO SHAW WITH A RUSH.**

That is the Way a Candidate Was Selected on the Final Ballot.

The informal ballot developed what had been expected. Parrott led with 333 votes; Funk was second with 298, and Shaw third with 244. Harsh, Fuller, Harlan and Flickinger followed in the order named. There was little change in the first and second formal ballots from the informal ballot, although Shaw gained slightly in both. At the second ballot Flickinger withdrew from the race. This started things going, and Shaw gained rapidly in the third formal ballot. Many counties passed when the roll was called, but before the end was reached it was evident that Shaw would be nominated. It was just 4:30 when Woodbury cast her thirty-two votes for Shaw. This was all that was necessary. The scene that followed beggars description. The great audience of 6,000 people went wild and cheered and cheered for several minutes. As fast as order could be restored counties began changing their votes.

The chairman of the Black Hawk delegation, the home of Matt Parrott who had led all the time until now, announced the withdrawal of Parrott and moved that the nomination of Shaw be made by acclamation. This carried unanimously. A committee was appointed to find Shaw and notify him of his nomination and escort him to the convention. The convention was voting on lieutenant governor when the committee arrived with Shaw. He was greeted with vigorous and prolonged cheering. Shaw made a brief but happy speech and was frequently applauded. He declared he had secured the nomination by honest means; without making any concessions or promises to any man or set of men. He said that he would administer the affairs of state as best he knew how.

The ticket was completed by the following nominations: Supreme judge, Waterman, of Scott county; superintendent of public instruction, H. H. Barrett, of Mitchell; railway comptroller, C. L. Davidson, of Sioux.

Captain J. C. Millman, of Harrison county, was nominated for lieutenant governor. The platform is a standard Republican declaration. It reaffirms and adopts in every part the declaration of principles announced by the Republican national convention of 1896, and it pledges for Iowa that the result in November next shall be a still more emphatic show of the "strength and justice of Republican doctrines." It again especially declares for protection and "honest money."

SECOND YEAR—NO. 582

BENTON HARBOR, MICH., THURSDAY, AUGUST 19, 1897.

## IS A GREAT ACTOR.

J. A. Simon a Stage Attraction as Well as An Opera House Builder.

### EXPECTS A SUCCESSFUL TOUR.

Will Leave as Star Actor With the Simon Comedy Co., Sept. 1  
—About the Theatre.

J. A. Simon, the versatile theatrical man—the man whom Benton Harbor is disposed to regard as being the only person capable of building a theatre here—is soon to leave on a season's starring tour, and his happy countenance will be missed from the retreats where local business men assemble to gossip over the latest news from the Klondike or the possibility of Benton Harbor having a play-house within another twelve-month.

J. A. SIMON.

Mr. Simon will be the star actor of the Simon Comedy company, a new organization under the management of A. W. Freemont, an experienced and successful actor as well as manager. Mr. Simon is not unknown to the theatrical world. He has achieved successes which entitle him to the recognition of the best actors traveling. The Simon Comedy company was the name of an organization of first-class players, of which Mr. Simon was a member, that toured the east and west several years ago and was one of the most profitable traveling companies playing.

In many character parts Mr. Simon stands second to none. His "Fagan, the Jew," is the strongest character picture on the American stage, and his "Rip Van Winkle" was equalled only by Jefferson. Although Mr. Simon has encountered great discouragement in his efforts to build a theatre here, he is by no means disposed to abandon the project, and he maintains, with pleasing confidence, that before September 1, when he departs, the plans for the new structure will be so far advanced that its construction will no longer remain a matter of speculation.

### FEVER CAUSES DEATH.

Philip W. Schultz the Victim of Disease.

Philip W. Schultz, 25 years old, died yesterday afternoon at the home of the family on Broadway of a complication of ailments which resulted from a prolonged siege with typhoid fever.

The young man was stricken with typhoid fever last fall and he never fully recovered from the effects of the disease. Three weeks ago a serious complication set in and since that time he had been growing worse until yesterday when his suffering ceased.

A father, mother, three brothers and two sisters survive the young man. The funeral will be held Friday afternoon at 2 o'clock from the Christian church, the services to be conducted by Rev. Niergarth, pastor of Zion's Evangelical church of St. Joseph, of which the deceased was a member.

## HIS FATHER'S GHOST.

Frightened a Man at Coloma—He Fainted.

COLOMA, August 19.—The materialization of a spiritualistic seance at the residence of William Abernethy, near here Tuesday night, were so real that one of the guests, with a shriek of terror, fainted upon recognizing the spirit of his father. This at least equals the manifestation of the divine presence among the Carterites, the religious denomination which has made Coloma famous.

## GLOOMY PICTURE

Of the Peach Crop in Van Buren County.

PAW PAW, August 19.—In Van Buren county are hundreds of orchards with thousands of trees, on which there is not a single peach. It is true that in a comparatively narrow belt along the lake shore there is a partial crop, and some orchards contain a full crop

but even there the average is not more than half a crop. There are practically no apples, but there is a fine crop of pears, and the grape crop is immense, although there are a few vineyards where late frosts killed all the fruit.

## ABOUT THE COUNTY.

Watervliet.

WATERVLIET, August 19.—I. P. Holland has returned to Monroe after visiting friends and relatives here.

Jim Lotteridge had his right hand cut severely last week, while cleaning a lamp chimney which broke in his hands.

George M. Smith is building a house on the W. I. A.'s addition.

Miss Mable Berringer was brought home last week from Indiana, where she had her leg broken by falling from a wheel.

Mrs. J. Carmody has moved into the late Phillip Seel house on Pleasant street.

Born to Mr. and Mrs. Hiram Reid last Tuesday, a girl.

Some young miscreants rotten-egged a young painter who had on an oversized jag Friday night.

A dog show is in town this week attracting quite a large crowd. T. McNeess is laid up by running a rusty nail in his foot.

The boiler to the new school house has been placed within the structure, and the pipes are being laid through the building.

W. G. Thomas has his new house nearly completed.

Harry Ryder has built a wing to his residence.

B. G. Haskell is painting his residence.

H. G. Hinckley is laid up with a boil on his finger.

Edward Paxon is clerking for Mrs. I. J. Wigent.

H. Newland scratched his hand a few days ago, from which blood poison has set in causing him much pain.

## EXCURSION TO MILWAUKEE.

The Woodmen of the World Will Give a Popular Outing.

The Woodmen of the World will run an excursion on one of the Graham & Morton palace steamers to Milwaukee on Wednesday evening September 1, giving the excursionists all day Thursday in the city. Milwaukee has more attractions for excursionists than Chicago. The fare for the round trip is only \$1.

## WHO'LL PAY FOR IT?

Important Matter the City Council Will Have to Decide.

Last week \$100 worth of work was done on Third street between Main and Territorial. If any of the aldermen have any knowledge of who ordered the work done they were not disposed to disclose it at last night's session of the city council.

The work was performed without the consent or order of the council as a body. The street committee has authority to order not to exceed \$50 worth of improvements, and when the \$100 claim reaches the city council there is apt to be a rather turbulent scene.

If it develops that the contract was let by the street committee the contractors will probably be instructed to collect their bill of the members of that committee which includes Aldermen McDonald, Samuel and E. W. Brown.

## RED NETTING RULED OUT.

Fruit Growers Will be Ordered Not to Use It.

To comply with an ordinance which goes into effect in Chicago September 1 local fruitgrowers will be asked by their Chicago agents to discontinue the use of the pretty red tarlatan veil which makes the fruit appear far more luscious and pink and tempting but likewise much less real.

Although the Chicago commission men will be held responsible for any violation of the ordinance it is reasonable to believe that they will instruct the shippers to pack their fruit so that it will arrive in Chicago in a condition intended by the new ordinance. The ordinance is intended to protect the buyers from being gulled in the purchase of a basket containing large, luscious fruit on top and inferior fruit at the bottom.

## Populist State Convention.

Des Moines, Ia., Aug. 19.—The Populist state convention will be held in Van Ginkel's Hall Observatory building, and will be called to order by Chairman A. W. C. Weeks at 10 a. m. today. A. W. Ricker, of Iowa City, will preside as temporary chairman of the convention. After dinner Senator Peffer will address the convention. A full state ticket will be nominated. It is expected that between 200 and 300 delegates will be present. It seems to be generally conceded that Hon. Chas. A. Lloyd, of Muscatine, will be the nominee for governor. Lloyd was a candidate for congress from his district in the last campaign and is very popular.

## And He Will Continue to Look.

Warren, Ills., Aug. 19.—Charles M. Bromwich, ex-alderman of Boston, married here yesterday Miss Adella Carr. The bride was a girl friend of Bromwich's first wife, who at her death ten years ago requested her husband to look after Miss Carr's comfort. He did this so well that it resulted in this marriage.

### White Dome Geyser Yellowstone Park.

"A mile and a half from the Fountain Hotel, and easily reached by bicycle, tourist wagon, or by walking, lies a hidden basin full of nature's caprices. At the entrance, as if on guard, stands the immaculate White Dome. As one approaches, he almost expects to be challenged and asked for a countersign. If such a challenge is given it is in a curious fashion, in the form of a geyser eruption, for the White Dome is a geyser. It is not unlike the Castle Geyser, or the White Pyramid of the Upper Geyser Basin. The geyser is a very white, rather dome-shaped mound, built up from the secretions of its waters, and is the most conspicuous feature of the locality. It is perhaps 25 feet high, with a circumference at the base of 75 or 100 feet. Its eruptions come at intervals of from twenty to forty-five minutes, being somewhat irregular, and the water is thrown to a height of from ten to twenty-five feet."

## A DAY FOR TEACHERS.

They are Assembled at St. Joseph Today

Over 55 school teachers and advanced pupils are assembled in the high school room of the central school building at St. Joseph today. They came from all parts of the county and are taking the regular teachers' examination. Some are applicants for first grade certificates, others for second and a few for third. Some have wielded the birch for years, others are trying to get their first certificate to teach school.

## LEWIS AKE RECAPTURED.

He Was One of the Prisoners Who Broke Jail.

Sheriff Ferguson will return from Chicago tonight at 8:30, bringing with him Lewis Ake, another of the prisoners who recently saved out of the county jail. Ake was arrested in Chicago yesterday.

Ake's arrest, it is expected, will lead to the recovery of Alex McDonald, the most badly wanted of the jail breakers. Ake and McDonald were cell mates and the conspiracy which culminated in four of the prisoners securing their freedom is thought to have been plotted by Ake and McDonald.

Ake also is in possession of information regarding the delivery of the hack saw in their cell and the officers expect him to divulge enough of the facts to aid them to a successful search for the person who committed the crime.

The arrest of Ake leaves two of the fugitives still at large, Otis Bently and Alex McDonald. McDonald, it is thought, can not long evade the officers. He will receive no protection from Sam Livingston for the reason that Livingston is not particularly anxious to appear in the circuit court alone to answer to a crime in the commission of which McDonald is believed to have been the principal offender.

## A TURKISH BATH.

A Great Show at Martin's Academy of Music August 26.

A Turkish Bath is the title of the musical comedy which will be seen August 26 at Martin's Academy of Music, St. Joseph. It comes heartily endorsed by the press. Although a new attraction east it has had an extensive run west for several seasons past.

The dramatic company which will give us this dip, sweat and plunge is an able one; Frank Murphy and Miss Quennie Dale handle the leading roles and are supported by such well known people as Frankie Hall, John Dale, Eva Grey, Jas. P. Stenson and others. They carry their own prize band and orchestra and an oriental congress of novelties. Ed. E. Nickerson, the famous cornet virtuoso is band leader and those who remember the famous black humor band know well his talent. The Glocks, Charles and Anna, champion lightning drum majors of the world, introduce their wonderful exhibition with the lightning batons during the third act. Miss Anna marches at the head of the street pageant in handsome military attire and her work creates a sensation with its daring and skill.

The parade will start at 11:30 a. m. from their oriental palace car at the depot and there will be a free band concert at 7 o'clock in the evening in front of the opera house. Ladies and children will be permitted to ride the big camel, Holly Mooses, before the performance.

The management want it thoroughly understood that the entertainment is a strictly moral one, that they have expended a vast amount of money to give the public "A Turkish Bath" without fear of their getting cold or shocked. As it is a purely clean and refreshing amusement there will be no rubbers outside when the curtain goes up. Reserved seats may now be secured at Carra's drug store.

## SEA BATHING.

When It Will Benefit and How It Should Be Taken.

A vast number of persons rush to the seaside in warm weather without stopping to think or to find out whether it is the place for them or not or whether they would not be better off somewhere else. Sea air and sea bathing, pleasant as they are, do not agree with everybody, and many would do better to seek a mountain rather than a sea change. However, the ocean has strong medicinal properties which are frequently extremely beneficial. In cases of nerve fatigue, general debility, weakness after illness and a lowered condition proceeding from sedentary occupations sea air and sea bathing have an excellent effect.

Sea bathing is injurious in cases of fever and inflammation because its first tendency is to send the blood inward to the inflamed parts. It is also apt to aggravate skin diseases and to have a prejudicial effect on persons suffering from pulmonary complaints. The difference in temperature between the body and the water renders it necessary to take certain precautions, no matter how well sea bathing may agree with the individual. The bath should

### CHILD'S COSTUME.

never be taken immediately after rising from bed, as the skin is then so relaxed, moist and warm as to be too sensitive to the chill. Nor should it be taken after violent exercise for the same reason. Soon after eating it stops the process of digestion, and after great exertion or in cases of extreme feebleness it makes a demand upon the reactionary powers which is too strong for them.

Today's illustration shows a little child's seaside costume. It consists of a plaited skirt of white pique, ornamented with pearl buttons in front, and a white pique blouse. Over this is worn a short, loose jacket of scarlet cloth, scalloped around the edge and adorned with pearl buttons and a sailor collar of white pique. The hat of white straw is trimmed with red ribbons. This costume would also be pretty made of striped dark blue and white galatea cloth, with a dark blue serge jacket, and would also be more useful.

JUDIC CHOLLET.

Commencing Monday and continuing until sold, the entire lot of household furniture at 110 Niles avenue will be sold at private sale. Furniture has been in use a little over 30 days and will be sold very cheap. 58013

True every day brings its crowds of satisfied buyers, but while things are going fast, they must go faster still. When we say our stock must be sold, 'tis no idle talk—no advertising catch-phrase, the entire stock must go and the prices are going to make you take them away. If you need a Suit or Overcoat, if you think you'd like one, if you're ever going to need one, now is your time to buy, for things must go if low prices will make them go.
